ST. LOUIS, MO – United Sovereign Americans (USA), a scheduled speaker at the canceled AMAC Action Special Event in King City, Oregon, on March 22, 2025, strongly condemns the reprehensible, undemocratic intimidation campaign that forced the event's cancellation.

According to multiple sources, the King City Clubhouse—originally set to host speakers including Oregon State Representative Ed Diehl, Heritage Action, Turning Point USA, and United Sovereign Americans—was inundated with threats and slanderous accusations by anonymous agitators. These individuals resorted to labeling the event's participants as "extremist hate groups equivalent to Nazis," in a shameful attempt to silence speech and intimidate both the organizers and the venue staff into silence.

"This was supposed to be an open, civil event promoting unity, civic dialogue, and the free exchange of ideas that is a core American value," said Marly Hornik, CEO of United Sovereign Americans. "Instead, it was sabotaged by cowards hiding behind anonymous social media posts and phone threats—people who fear others' ideas and seek to impose tyranny under the guise of tolerance."

Reports indicate that the venue received over a dozen hostile phone calls in the 24 hours preceding the event, ultimately pressuring them to revoke permission to hold the gathering. Undeterred, organizers moved the event to a nearby outdoor venue. The forum brought together patriotic Americans—regardless of party affiliation—to discuss civil rights, lawful elections, and rebuilding national trust.

USA continues to advocate for peace, civility, and equal voice for all Americans. "We cherish open-minded exchange of ideas," added Hornik. "In fact, we publicly invite those who opposed this event to a respectful and public debate. If they truly believe in America, they should be willing to discuss issues, not hide behind threats and slander."

United Sovereign Americans will continue advocating for legitimate representative government across the nation to preserve freedom, dignity, and the sacred right to speak one's mind.
