ACCOMPLISHMENTS

Unite4Freedom

Founded in June 2023, Unite4Freedom achieved the following prior to the 2024 election:

- Our combined litigation, advocacy, and public reporting of massive election misconduct contributed to absence of the mysterious **18 million votes** "missing" on election day 2024.*

- Organized and mobilized over **3,000 volunteers in 24 states**

- Invested over **50,000 hours** in weekly, online, federal election law discussion and training sessions

- Analyzed 2022 election data in **21 states** and completed an "Election Scorecard" **measuring election misconduct** in each state

  - Aggregate data showed over **29 million** registrations that are invalid under the law—**10+ million** of which voted

  - Reported findings to state and federal officials for investigation

- Filed **9 federal mandamus lawsuits** in Colorado, Florida, Georgia, Maryland, Michigan, North Carolina, Ohio, Pennsylvania, and Texas

- Made **hundreds of appearances** on media outlets and podcasts across the country

- Presented our 'Resolution for a Legally Valid Election' at approximately **600 local town/county boards**

- Launched an **Election Misconduct reporting tool** for citizens to report 2024 election problems directly to state officials

- Raised **half a million dollars** to fund litigation and support volunteer organizational efforts

- Spurred the NYS Election Board to an initial audit of their deeply corrupt voter rolls

- Changed the national discussion from election "integrity" to **"election validity"**

Unite4Freedom is the FIRST organization to MEASURE the current election misconduct *as defined in criminal law.*

- *Deeply studied 7 large states—Illinois, Michigan, New York, California, Ohio, Pennsylvania, and Georgia— which control **168 Electoral College votes** and **35% of US Congress**, showing:

2022 Aggregate Scorecard

Data showed over **23 million** registrations invalid under the law—**7 million** of which voted—and **1.4 million** more votes were counted than voters who voted

2022 Phantom Voter Report

Performed voter identity verification prevalence studies showing:

- **21.6% of voters are unverifiable**
  - **5.6%** the voter does not exist
  - **12.3%** the address is invalid
  - **3.7%** vote to voter discrepancy

Vote Tampering Report

- **3+ million** votes were altered, added or deleted in 2022 CERTIFIED election results at three distinct data pulls

- **4.3 million** votes were altered, added or deleted in 2020 CERTIFIED election results
