

Who is Unite4Freedom?

- ★ **Unite4Freedom is a non-partisan, volunteer, civic organization committed to restoring the fundamental right of every American citizen to legitimate representative government through legally valid elections.**

Active in over 30 states, our 10,000 volunteers work to support the strategic initiatives of our mission: **forensic investigation, advocacy, judicial activism, public outreach and education.**

- ★ **Deep analysis of official election data is the central focus of our work and the foundation for all other organizational efforts.**

Unite4Freedom's credentialed investigators have deeply analyzed over 30 states' official records from the 2020, 2022 and 2024 federal elections. Our studies show thousands, and in some instances millions, of legal violations, non-existent or ineligible voters, and edits to voter histories in CERTIFIED elections.

This clear evidence appears to point to blatant nation-wide attacks on our voting system.

- ★ **Unite4Freedom reports are subjected to rigorous internal peer-review, and several have been submitted as evidence in our nine federal lawsuits under penalty of perjury.**

Unite4Freedom's data team consists of 94 individuals from across the country who donate their time and experience from careers in public, private, and governmental sectors. Their backgrounds span computer science, operations management, software development, auditing and accredited accounting, cloud computing, machine learning, and cyber intelligence.

The hands-on architect of our data operations is Chairman Harry Haury, one of the top cybersecurity and election experts in America. Mr. Haury has spent over three decades in high-security workflow automation, information assurance, and cybersecurity for banking and sensitive branches of the U.S. government, securing some of our nation's most critical systems, including White House communications, Public Alerts and Warnings, and sensitive military communications networks. Mr. Haury also helped write our primary national election law, the Help America Vote Act.

The work of our volunteers equates to millions of dollars of research, analysis, outreach and education by patriotic Americans who simply want to maintain the promise of freedom for future generations.
